SORB^{®XT} Drain Cover Mat

Article	SORB ^{®XT} Drain Cover Mat
Article No.	100676
Dimensions (mm)	1.000x1.000
Weight	8,80 Kg
Shipping unit	Mat incl. bag

Product Information:

Recommended use

- Perfect for quick shut-off or quick drainage of spilled chemical products before they enter ventilation grilles, manholes and pipes

Application

- Before application clean the ground – it should be free from dirt and detritus.
- Be sure that Drain Cover Mat is wider than the area that has to be blocked (in case of circle barrier)
- Put the sticky side on the ground and fix it using pressure
- Ground has to be dry

After application

- After use it is easy to clean, for example with soap and water

Storage

- Store the mat in the supplied bag until the next use
- The glue surface must be inside the bag to prevent dust accumulation

Properties

- Chemically resistant
- Equipped with two handles on both sides for noticeably easier use
- Sulphuric acid: Drain Cover Mat shrinks slightly, phenol 50 °C:
- Drainage mat swells slightly (3-day test)
- Warranty - when used properly: 3 years
- Reusable
- Very good resistance to oils, acids etc.
- Drain Cover Mat for the protection of public sewers made of PU
- The mat is frost resistant
